CURRENT PROJECTS

Creating and Modifying
Curriculum for 2025 Courses

Accreditation work for CIUT

RECENT TRAININGS

Carey concluded its trainings for 2024 with courses in Tanzania in late November and Zambia in early December

PRAYER REQUESTS

Pray for 1) God's wisdom as we evaluate new training sites for 2025 and 2) God's provision to allow that growth

Ending The Year Well!

2024 has been a year of incredible opportunity, for all of us at Carey International Pastoral Training and the pastor-students we serve around the world. In addition to traveling for my own studies here in the US, I had the privilege of spending time equipping leaders for the global church in Uganda, Ethiopia, Tanzania and Liberia, presenting Certificates and Diplomas to students at multiple graduation ceremonies, and preaching to thousands in some of the most unique worship venues you could imagine. I am so thankful for all of the support I have received this year from ministry partners like you, who have helped share the financial burden associated with my travels overseas.

As we approach year-end, would you consider making a contribution to help with those expenses again in 2025? By God's grace, your investment in the pastoral training work of Carey International will strengthen the church and change lives for the kingdom in some of the darkest and most difficult places in the world, including Cuba, Tanzania and Myanmar (already on my schedule for the new year).

*To God be the glory in the church
and in Christ Jesus throughout all
generations, forever and ever!*

What Our Pastor-Students Are Saying

“ Thank you so much. God is using you to bring real transformation to our minds and causing a fire to stir in our hearts. I cannot tell you how good and helpful this teaching has been for us! ”

“ I don't know if all of these pastors are able to recognize it or not, but this may be the only place in the country (Tanzania) teaching theology with such depth. I have spoken to many other Bible colleges and universities, and they are teaching only shallow things. Praise God for what Carey is providing our people! ”

“ What you are teaching here is so helpful, because now I am learning the true nature of Christ before and after His incarnation. This Sunday, I will teach these things to my people, so they will better know who Christ is! Thank you! ”
